The method pursued by the Residency
in obtaining the figures pertaining
to Bangalore, was I should say
by deputation, being taken to
each house -
The Superintendent of the last Census
of Bangalore took 22 days
to complete the municipal Census
but I take it that a simple
enumeration of the No of Children between
the ages of 6 & 15 years, of
European & Eurasian birth
+ including boys Children of
Native & Country Christians
in towns, but excluding
those of Europeans - the
enumerators - Natives in the

As directed in the preceding page, the President of the Municipal Board was requested to organise and carry out a careful and complete enumeration of such children, not belonging to the Troops in Garrison, and to furnish a return in the form prescribed for his guidance — He was also instructed to include therein the children of the Ordnance Artificers, but not those of Officers of Regiments of the Staff, and Medical, Commissioned and Warrant Officers. As regards those children who do not attend Schools of any kind whatever, he was directed to prepare a separate list of their names, and the localities
